The AT&T Oaks Course designed by Greg Norman features a spectacular layout, replete with rolling hills, an abundance of mature trees and beautiful indigenous flora. This world-class course is a traditional design that balances narrower tree-lined fairways with wider fairways offering multiple routes and strategic options into the greens. The Oaks course is an intimate design with narrow corridors carved through oak trees with only 100 feet of fall from the highest point of the course to the lowest making it very walker friendly.
